

Horse Power is a Nationally Accredited Premier Therapeutic Riding Center founded in 1988 which provides Therapeutic Riding, Farm and Animal Assisted Activities to children and adults with physical, developmental, emotional or learning challenges.

Horses For Heroes and **Farms For Families** Programs have been partially funded by generous individuals, service groups and grants. We operate on a "pay as you are able" basis, and contributions of time, talent or 'treasure' are always gratefully received.

Horses For Heroes

In an effort to honor, thank and give back in some small measure to our military personnel and their families for their service and sacrifice, Horse Power wishes to open our farm, our programs, and share our horses, farm animals and gardens with families who may have experienced stress, trauma or loss during these difficult circumstances.

Program activities may include:
